Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner contacted applicant's attorney to inform him that the application was in condition for allowance except for claim 24 which could be made allowable with a minor amendment to the claim. That amendment was to add, --and the rotation of the piston-- at the end of the "wherein" statement of the claim to create a connection between the rotation of the piston and the movement of the tool. Applicant's attorney agreed to this change. And examiner's amendment to follow..
